

WOMEN AND GENDER STUDIES - MINOR

The interdisciplinary women and gender studies minor offer students a rigorous and flexible program of study that examines women, gender and sexuality in relation to race, class, ability, nation and empire, among other variables. Students explore how gender and sexuality intersect with structures of power in a range of cultural, historical and geopolitical contexts. Drawing from approximately 50 courses, many cross-listed with other academic units, students fulfill the requirements of the minor and can design an emphasis relevant to their interests by focusing on one of three cognate areas: 1) gender/sexuality, 2) race/ethnicity and 3) global/transnational.

Declaration of a minor is open to any student enrolled at CU Boulder, regardless of college or school.
